■ ■ an alliance of quality research services ■ [www.alliancesites.com](http://www.alliancesites.com)

Founded over 30 years ago by Principal Investigator, Dr. Glenn Michael Dempsey, M.D., Albuquerque Neuroscience is dedicated to performing high quality clinical research in the fields of human diseases of the central nervous system and general medical conditions.

Our highly trained and experienced research staff includes Investigators board certified in psychiatry and family practice, registered nurses, certified clinical research coordinators, qualified psychometric raters, and regulatory and administrative specialists.

## RECRUITMENT

Albuquerque Neuroscience has referral relationships with local elderly facilities and community advocacy groups, group psychiatric and medical practices, and a large multi-specialty regional organization. These long-standing relationships as well as full-time dedicated recruitment staff and a large, diverse patient database enable the site to regularly exceed enrollment goals.
