

HASSMAN RESEARCH INSTITUTE

Located on a large campus in Berlin, NJ, just 20 minutes from Philadelphia, [Hassman Research Institute](#) (HRI) is a leading clinical research organization conducting studies in a wide variety of therapeutic areas.

On the HRI campus there are 14 private practices with physicians that serve as sub-investigators. Their specialties include addictions, cardiology, dermatology, endocrinology, gastroenterology, neurology, pain management, and psychiatry.

RECRUITMENT

HRI has a database of over 75,000 subjects, and access to patients via five owned multi-specialty affiliated practices and four addiction treatments units. HRI's full-time enrollment staff implement study specific recruitment plans, and enroll an average of 25 subjects/patients per week.
