

Clinical Trial Centers AllianceSM

■ ■ an alliance of quality research services ■ www.alliancesites.com

ABOUT US

Clinical Trial Centers Alliance is a unique group of independently owned and operated specialty research clinics and service providers located throughout the US.

Linked by the desire to foster mutual growth and quality in the clinical trials we conduct, Alliance members exchange best practices and expertise in various therapeutic areas, and share a business development and sponsor relations team.

Our Alliance includes Internationally-known KOLs in early phase and complex trial design, cognition, driving simulation, neuroscience, and regulatory and pricing strategies.
